Strawberry Plants

Our strawberry beds made a good growth last season and we have a nice lot of strong healthy plants to offer the trade. Last season was very discouraging to the commercial berry grower (wet weather and low prices), but I think the future looks bright for the one who takes care of his plants and produces good fruit.

CHESAPEAKE, This new late berry does not make as thick bed as some others, but the plants are large and healthy and produce fancy fruit that brings the top price on any market. I will increase my planting of this variety for fruiting next year.

CITY OF CHESTER, This is a new berry I obtained from a private grower in Delaware and comes very highly recommended. It has made a splendid growth on my grounds.

EARLY OZARK, This is one of my earliest berries to ripen and is of good size and appearance.

FIRST QUALITY, We fruited this last season for the first time and was favorably impressed with its size and flavor.

GANDY, This old standby brings good returns to the commercial grower. We have a fine lot of this variety.

MARSHALL-NORWOOD, This is a high class berry for the home garden or private trade.

MYRTLE, We fruited this last season and were well pleased with it. I met Mr. Merrill, the introducer, in Maryland two years ago and heard such good reports of it that I secured some of the plants.

NEW YORK, Large size and mild flavor. A good one for the home garden or local market.

SUCCESS, A very fine berry both in size and quality for the home garden or nearby markets. Plants are healthy. Sets a heavy crop of fruit.

SUPERB, (*Everbearing*) This is without doubt the best fall or everbearing strawberry yet introduced. The fruit is of good size and quality and no home garden is complete without it.

TOWNSEND'S LATE, OR CHESAPEAKE HEIGHTS, This is a large size late berry related to Chesapeake, but is shaped somewhat like Stephens Champion. It is a heavy cropper and makes a better bed than Chesapeake.

WOLVERTON, An old standard variety of much merit. It is my best paying early and was the first one I started with several years ago and if I were to grow but one kind for market it would be Wolverton. It has never failed me a single year. Does best on a moist, sandy loam.

Important to Customers

TRUE TO NAME. While I use every precaution to have all plants, seeds, etc., true to name (and I believe I come as near doing this as any one in the business) I will not be responsible for any sum greater than the cost of the stock, should any prove otherwise than as represented.

PACKING. I make no charges for boxing or packing at rates quoted in this list. Every thing is delivered f. o. b. trains at rates named

PARCELS POST. If Strawberry Plants are to sent by parcels post, add 10 cents per 100 extra

PAYMENT. Cash with order or goods will be sent C. O. D., if one-quarter of the amount is sent with the order.

Vegetable Plants

WE GROW AND SELL IN LARGE QUANTITIES

TOMATO PLANTS ready about May 25th, according to weather.
Varieties: Chalk's Jewell, Bonny Best, Dwarf Stone, Greater Baltimore,
Globe, Matchless, Paragon, Red Rock, Stone, Success.

Price \$1.00 per 1000.

CABBAGE PLANTS ready about May 10th, all leading Second
Early and Late kinds. Price \$1.00 per thousand; 5000 or more 80 cents
per thousand.

PEPPER PLANTS. We grow both under sash and in the open,
and will have them in season at market prices.

Davis Perfect Cucumber Seed

My own growing and saving. This is a fine long green cuke that
much resembles the hot house grown fruit, and will bring the top price
in the market. I have grown it for a number of years with satisfactory
results and offer it at a much less price than the seed stores.

Moorestown, N. J., Aug. 6, 1915
Walter R. Shoemaker

Dear Friend:—The 100 sacks of
Hoosier Potatoes that you put in
cold storage for me came out in
good shape. They are growing
nicely and promise well.

Sincerely
. HORACE ROBERTS

Mickleton, N. J., Aug. 9, 1915
Mr. Walter R. Shoemaker

Dear Sir:—The Superb strawberry
plants I bought of you last Spring
are growing and cropping nicely.
We are picking the fruit regularly
and find them to be of very good
flavor and size.

Sincerely yours
JOHN C. WOLFERTH

Swedesboro, N. J., Aug. 9, 1915
Dear Sir:

I have been buying
everbearing strawberries for a month
from Walter R. Shoemaker and find
them to be of the finest quality and
better flavor than any berries we
bought during the regular straw-
berry season

Yours truly
GEO M. ASHTON
Cashier Swedesboro National Bank

Bridgeport, N. J., Aug 6, 1915
Mr. W. R. Shoemaker

Dear Sir: — The 2000 Marshall
strawberry plants I bought of you
in April, 1914, made a good bed and
set a heavy crop of fruit last spring.

WM FRANK
